(54) [Title of the Invention]

EXCREMENT-TREATING MATERIAL FOR PET AND ITS PRODUCTION

(57) [Abstract]

20 [Task] To provide one having high shape stability and static stability, and having high water absorbing ability.

[Solution] An excrement-treatment material for pet is compressed granular body and has a two layer structure composed of a compressed core material 2 formed from hydrophilic organic
25 fibers 2, and a coating layer 3 consisted of water absorbing
